Long Grain Sphagnum Moss

WHM #	Description	Price
711SM	Sphagnum Moss - 3.5 cft bale	\$ 32.80

Peat Moss

WHM #	Description	Price
711PT38	Peat Moss - 3.8 cft bale	\$ 15.40

A moist root is critical to any plant. **Soil Moist** is an additive that stores over 100 times its weight in water, releasing a steady

supply of water as your plants need it. Soil polymers have been developed to reduce the amount of water needed to maintain vigorous plants. When the potting system dries, the polymer will release its water to the plant. The expansion and retraction of the polymer during the watering cycle helps soil aeration, which is important to all plants.

Grow beautiful plants with less water, ease transplant shock, and keep your container plants from drying out.

50 lb Size ... F.O.B. Manufacturer

WHM #	Description	Price
SMS03	Soil Moist, 3 lb. granules	\$ 26.25
SMS08	Soil Moist, 8 lb. granules	\$ 60.00
SM550	Soil Moist, 50 lb. granules	\$ 296.25

Micrel Total 5-0-0 with Eight Chelated Micronutrients

A fully chelated 100% micronutrient package, Micrel Total has a horticulturally correct ratio of magnesium, sulfur, boron, copper, iron, manganese, molybdenum and zinc. The chelation process assures you of completely soluble and available micros that the plant can immediately absorb. It is the ideal product to use when it is not possible to run soil and tissue tests to determine the exact deficiency.

GPMICREL25	Micrel Total - 2.5 gallon	\$ 87.75
------------	---------------------------	----------

pH Reducer Organic Citric Acid plus Wetting Agent

pH Reducer is a safe alternative to phosphoric and sulfuric acids. Use to lower the pH of the soilless media and water, or as a buffer in the mixing tank. Contains a natural wetting agent to help the citric acid penetrate the soil quickly and has the extra benefit of chelating micronutrients that may be unavailable in the soil.

GP30520	pH Reducer - 2.5 gallons	\$ 45.85
---------	--------------------------	----------

pH Booster 0-0-25 Liquid Potassium Solution

Contains a very safe and reliable source of potassium from potassium carbonate. It does not contain any chlorides and has the lowest salt index of any potassium source. It is extremely efficient as a foliar feed to correct potassium deficiencies. 0-0-25 will adjust both water and soil pH.

GP002555	pH Booster - 55 gallons	\$ 923.98
----------	-------------------------	-----------

Perlite & Vermiculite

WHM #	Description	Price
7004	Super Coarse Perlite - 4 cft bag	\$ 13.90
7004V	Coarse Vermiculite - 4 cft bag	\$ 15.25
7014FV	Fine D3 Vermiculite - 4 cft bag	\$ 13.95

6 cubic foot bags are available by special order request.

SOAX Wetting Agent is available in both liquid and powder forms, is not phytotoxic and lasts longer in the mix than competitive brands.

WHM #	Description	Price
SXLG	Soax liquid, 1 gallon	\$ 81.95
SXL5	Soax liquid, 5 gallon	\$ 367.10
SXL55	Soax liquid, 55 gallon	\$ 2,716.35
SXP120	Soax granular, 120 gallon drum	\$ 631.45

Sil-Guard (0-2-5) with 7% Potassium Silicate & 2% Phosphite

A liquid supplement that contains soluble potassium silicate to help strengthen plant cell walls and potassium phosphite which promotes plant health.

GP50171	Sil-Guard - gallon	\$ 32.10
GP50183	Sil-Guard - 30 gallon	\$ 704.65

MicroPlex CT (4-0-0) Chelated Micronutrients

A special formulation of essential micronutrients, nitrogen and organic enhancers that can be used on all ornamentals, greenhouse plants and vegetable crops.

GPMICROPLEXCT25	MicroPlex CT - 2.5 gal	\$ 37.00
-----------------	------------------------	----------

Cal Mag Max 7-0-3 4% Ca, 2% Mg

Designed specifically to satisfy the special needs of plugs and other plants grown in soilless media Cal Mag Max contains the perfect ratio of calcium to magnesium. The calcium and magnesium are 100% chelated with a special sugar-acid chelate.

GPCALMAG25	Cal Mag - 2.5 gallon	\$ 79.00
------------	----------------------	----------

Manganese Chelate 5% Organic Chelate with 2% Sulfur

An organic chelate which keeps the manganese in soluble form for plant uptake. Made from organic sugars that are easily absorbed intact along with chelated metal.

GP40820	Manganese Chelate - 2.5 gal	\$ 51.40
