Foam-Mate Foamer

A unique accessory for your sprayer that allows a more effective application of Green-Shield® Disinfectant & Algaecide.

The backpack assembly includes a sprayer gun connected to a 2 gallon tank containing Green-Shield® concentrate. The gun connects to a 800 psi, 3 gallon/minute sprayer containing clear water.

The tank is carried by a backpack harness. Vertical and horizontal surfaces cover and hold "wet contact" with the Green-Shield® on surfaces 3 to 4 times longer than with ordinary application.

Green-Shield® is manufactured by BASF

BP-4 Battery Powered Back Pack Sprayer

The Dramm BP-4 Back Pack Sprayer is a rechargeable, battery powered sprayer that fits comfortably on your back.

Operating at a maximum of 140 psi, the BP-4 atomizes spray solutions for excellent coverage. The battery operated pump ensures even flow rates, perfect for even application of plant growth regulators, insecticides, fungicides and other greenhouse chemicals.

The BP-4 runs for 2 hours on a charge. The 4 gallon capacity is just the right size.

A470	Solo 470 Compression sprayer - 1 gallon capacity	\$ 22.65

A470

solo® 456 & 457 Commercial Grade Handheld Sprayer

Large 4.5" filler opening makes filling and clean up safe and easy. Automatic pressure relief valve releases excess pressure at 45 psi and may be used to release pressure as desired. **456** model features a 2 gallon capacity, a shut-off valve and wand overall length of 28" and 4' of high pressure hose for hard to reach places, also includes an assortment of 4 spray nozzles. **457** model has all the features of the 456 model in a 3 gallon tank size. The **457 Rollabout** model possesses the qualities of the standard 457 model with a heavy duty two wheeled caddy, a 6' high pressure hose and a built-in valve for optional inflation by air compressor.

WHM #	Description	Price
A456	Solo 456 Handheld Sprayer - 2 gallon capacity	\$ 43.75
A457	Solo 457 Handheld Sprayer - 3 gallon capacity	\$ 50.00
A457R	Solo 457 Rollabout Sprayer - 3 gallon capacity	\$ 65.00

solo® 425 & 475 BACKPACK SPRAYER

Features: Large 4.25" opening for easy filling and cleaning. Shut-off valve and wand with an overall length of 28" for hard to reach places. 4' high-pressure hose. Padded shoulder straps for greater comfort. With its connecting rod-activated piston pump, the 425™ is capable of producing a wide pressure range of up to 90 psi, and is capable of performing virtually every spraying task. The 475 is capable of producing up to 60 psi, with its rugged connecting rod actuated diaphragm pump. By design the diaphragm is able to pass small abrasive particles without damage to the pump assembly. The diaphragm pump is ideal for handling chemicals in wettable powder form, as well as liquid formulations.

WHM #	Description	Price
A425	Solo 425 Backpack sprayer - 4 gallon capacity - piston pump	\$ 111.85
A475	Solo 475 Backpack sprayer - 4 gallon capacity - diaphragm pump	\$ 105.85

solo® 421-S Spreader

The 421 spreader is designed for spreading a variety of materials (ice melter, grass seed, feed stock, fertilizer, pelletized lime, etc.) over irregular terrain more evenly and conveniently than a wheeled spreader.
