Pro-Ex Co-Extruded Pots

Myers Industries
Lawn & Garden Group

WHAT'S NEW

New Pot Design and New Sizes!

- Made on state-of-the-art, high-speed equipment
- Larger, smoother printable area
- Co-extruded with a barrier layer for maximum opacity
- Lightweight design for greater cost efficiency
- Compatible with existing Myers Industries Lawn & Garden Group polystyrene trays
- Variety of color options

New Tag Slots!

- Molded into the pot, not punched, for a more uniform design
- Heavier rims increase slot stability
- Keeps tags tight and in place

Stretch Tie
the expandable twist tie
for fastening plants, trees & vines

- Developed by Nursery Professionals
- 50-60% faster than hand tying
- No machines to own, break, just, or buy
- Tighter than machines and less reworking
- 4" now available in green (softer for sensitive plants)

Save Labor!

Includes:
- Titanium
- Stainless
- Copper
- Aluminum
- Christmas Tree
- More...

Visit www.stretchtie.com to see a tree trial.

Made in USA

Stretch-Tie is much like a common bread or garbage bag tie, but is made from expandable plastic and has non-continuous metal so they stretch to accommodate growth of most plant material.
